House exterior comparisons

Week 1 baseline and Week 2 capture | Match viewpoint and crop in each pair

01 House and grounds

BEFORE • WEEK 1 Elevated overview Insert matched photograph	AFTER • WEEK 2 Elevated overview Insert matched photograph
--	---

Annotation to add: Label A house, B driveway, C garden, D Shed 1 and E Shed 2. Mark the areas discussed on pages 2 and 3.

02 Front elevation

BEFORE • WEEK 1 Front elevation Insert matched photograph	AFTER • WEEK 2 Front elevation Insert matched photograph
--	---

Annotation to add: Identify visible brickwork, finish and openings; state the extent of change and any obscured area.

03 Rear elevation

BEFORE • WEEK 1 Rear elevation Insert matched photograph	AFTER • WEEK 2 Rear elevation Insert matched photograph
---	--

Annotation to add: Compare the rear finish and openings. Reference the garden door and windows to Pair 06.

04 Both side elevations

BEFORE • WEEK 1 Left side / right side Insert matched photographs	AFTER • WEEK 2 Left side / right side Insert matched photographs
--	---

Annotation to add: Use a two view composite in each frame. Label the sides consistently and mark visible finish or opening changes.

05 Roof slopes

BEFORE • WEEK 1 Street facing slope / garden facing slope Insert matched photographs	AFTER • WEEK 2 Street facing slope / garden facing slope Insert matched photographs
---	--

Annotation to add: Use a two view composite. Mark only visible changes in covering, edges and penetrations; flag hidden sections.

06 Doors and garden windows

BEFORE • WEEK 1 Front door / garden door / garden windows Insert matched photographs	AFTER • WEEK 2 Front door / garden door / garden windows Insert matched photographs
---	--

Annotation to add: Use a three view composite. Distinguish a fitted opening from temporary covering; note what cannot be seen.

Assessment note Photographs record visible exterior condition. Concealed work, performance and compliance require separate evidence.

Confirm filler details and programme targets before issue. Insert dated photos and update each rating.

07 Garden and two sheds

BEFORE • WEEK 1 Garden / Shed 1 / Shed 2 Insert matched photographs	AFTER • WEEK 2 Garden / Shed 1 / Shed 2 Insert matched photographs
--	---

Annotation to add: Label both sheds separately. Mark changes in the lawn, ground or shed exterior without inferring internal condition.

08 Driveway and items to clarify

BEFORE • WEEK 1 Driveway / covered barrel and spade Insert matched photographs	AFTER • WEEK 2 Driveway / covered barrel and spade Insert matched photographs
---	--

Annotation to add: Show driveway extent and the items in context. Ask the project manager to confirm the barrel contents and purpose; appearance alone is insufficient.

09 Stored materials if present

BEFORE • WEEK 1 Materials overview / identifiable detail Insert matched photographs	AFTER • WEEK 2 Materials overview / identifiable detail Insert matched photographs
--	---

Annotation to add: Separate stored materials from installed work. Record identifiable items only; if none are observed, state the limits of coverage.
